

Category Jacks

"Feature Sheet"

P/N: 20-3425-UWH
Cat5e - 90°

P/N: 20-3426-UWH
Cat6 - 180°

DataComm Cat5e and Cat6 Category Jacks provide dependable performance for voice and data networks, with punch down termination options, color-coded wiring guides, and universal keystone compatibility.

Key Features:

- Color-coded wiring labels for T568A & T568B
- Meets FCC Part 68 Standards
- Exceeds TIA/EIA Category 5e/6 standards for high performance transmission
- UL Listed
- Universal design to ensure compatibility with most keystone plates, surface boxes, and patch panels
- Available in multiple color and packaging options

Individually wrapped jacks in 10pk: 20-3425-XXX & 20-3426-XXX

Contractor 10pks: 20-3425-XXX-10 & 20-3426-XXX-10

Contractor 25pks: 20-3425-XXX-25 & 20-3426-XXX-25

Both Cat5e and Cat6 jacks work with the DataComm Rapid Jack tool:

- **P/N: 20-0134** (Rapid Jack Tool with Cat6 Punch)
- **P/N: 20-0135** (Cat5e Insert for Rapid Jack Tool)
