

Product Name: 1 gang “Old Work” Low Voltage (Retro) Bracket

Product Group: Mounts and Brackets

Part Number: 60-0021-S

Colors: Black

Product Overview

The DataComm 1-Gang Old Work Low Voltage Bracket is designed for quick and secure installation of low-voltage devices in existing walls. Ideal for retrofit applications, this bracket provides a **sturdy mounting point for wall plates, data jacks, and A/V connections** without the need for a traditional electrical box. Its **open-back design** allows easy cable routing and maximum flexibility during installation.

The built-in **flip-out “wings”** securely clamp the bracket to drywall, ensuring a tight fit and professional finish. Made from durable, non-conductive plastic, the 60-0021-S is perfect for use with low-voltage wiring such as **data, coax, HDMI, and speaker cables** in residential or commercial environments.

Technical Specifications

Specification	Details
Input Voltage	N/A
Power Consumption	N/A
Frequency Range	N/A
Data Rate	N/A
Connector Type	Retro-Fit, Wall Mount
Operating Temperature	N/A
Storage Temperature	N/A
Country of Origin	Vietnam

Physical Characteristics

Characteristic	Details
Dimensions	2.56” W x 4.29” H x 1.70” D
Weight	0.057 lbs.
Material	ABS Plastic (Acrylonitrile Butadiene Styrene)
Color	Black
Mounting Options	Retro-Fit, Wall Mount

Compliance and Certifications

- Certification 1 : ETL Listed
- Compliance with industry standards

Ordering Information

Item	Details
Part Number	60-0021-S
UPC Code	660559015322
Package Contents	1 Gang “Old Work” Low Voltage (Retro) Bracket
Warranty	One (1) Year
