Product Specification Sheet

Product Name: Decora Insert w/ Brush Opening

Product Group: Decora Inserts

Part Number: 45-0019-UWH

Colors: Ultra White (UWH)

Product Overview

The DataComm Decora Brush Insert provides a clean, professional solutions for routing low-voltage cables through walls while maintaining a finished appearance. Designed for use with standard Decora-style wall plates, the integrated brush insert allows HDMI, audio, network, and other low-voltage cables to pass through without requiring connections at the wall. The brush fibers help conceal the wall opening while allowing easy access for cable installation and adjustments. Its low-profile design makes it an ideal solution for residential and commercial AV installations, wall-mounted televisions, and home entertainment systems. Finished in Ultra White, it blends seamlessly with coordinating wall plates and existing décor.
