

1 Gang Recessed Plate & Bracket Kit

"Feature Sheet"

P/N: 45-6001-WH-S

Includes: (1) 45-0001-WH & (1) 60-0021-S

DataComm 45-6001-WH-S is a single-gang low-voltage mounting solution designed to provide a clean, professional finish for cable management applications. Ideal for residential and commercial installations, it supports organized routing of data, audio/video, and other low-voltage cables while maintaining a neat wall appearance. The white finish blends seamlessly with standard décor for a polished look.

Key Features:

- **Single-gang low-voltage mounting solution**
- **Designed for clean, professional cable management**
- **Ideal for data, audio/video, and other low-voltage cabling**
- **Provides a neat wall opening without exposed hardware**
- **White finish blends with standard wall plates and décor**
- **Suitable for residential and commercial installations**
