

Media Enclosures, Doors & Covers

DataComm Electronics' Media Enclosures are designed to provide a central distribution point for voice, data, audio and video applications.

Multiple sizes available for single-family homes, multi-dwelling units (MDU), and light commercial applications.

Features:

- Unique nesting design that helps reduce material handling, labor, packaging waste, and helps maximize storage space
- Made of ABS plastic for maximum Wi-Fi transmission and performance
- Universal mounting hole pattern to accept most components
- Built in mounting system for mounting active & passive components while simplifying cable management applications
- ETL Certified to UL 2416 standards CAN/CSA STD C22.2 NO. 60950-7-07
- Optional keyed locks available for security
- Large internal space to accommodate all types of equipment
- Multiple sizes & door/cover options
- Side mount tabs for retrofit applications & depth modifications
- 2 electrical knockouts (top & bottom)
- 6 conduit/microduct knock-outs up to 2 inches
